CERTIFICATION OF CPNI FILING FEBRUARY 6, 2006

UCN, Inc.
EB-06-TC-060
EB Docket No. 06-36

STATEMENT OF COMPLIANCE PROCEDURES

UCN, Inc. ("UCN") is a public company (OTC.BB: UCNN) with deep roots in the traditional telecommunications and data services industries, for which we earned the 2002 Agents Choice Award from the Agent Alliance. After a series of strategic acquisitions commencing in 2002, UCN emerged with a new product approach that combines an innovative national voice over IP (VoIP) network with on-demand proprietary telephony software for contact handling/contact management applications. By combining our affordable by-the-month pricing model, with our flexible application development environment, UCN is able to deliver enterprise-class contact center productivity to any size business. UCN is changing the way mission critical applications are delivered and priced for the contact center marketplace, or for any business or department seeking to improve how it manages the productivity and quality of its customer contact opportunities.

UCN ensures that its business methods and operating procedures are in full compliance with FCC Rules. Measures adopted by the company include, but are not limited to:

- Implementation of a system whereby the status of a customer's CPNI approval can be determined prior to its use;
- Implementation of training to ensure its employees and agents are advised of FCC Rules regarding the permissible use of CPNI;
- Maintenance of records of any marketing efforts which make use of CPNI; and
- A supervisory review process regarding CPNI compliance.

UCN also ensures that no information, CPNI or other, regarding our customers is ever sold or given to any third parties for any purpose, unless pursuant to lawful subpoena.

Furthermore, UCN's internal network and onsite and offsite data are maintained securely through technology and other methods. All customer information is therefore protected from "hacking" and other forms of misappropriation.
